HOLIDAY 2016

Reaching Moms & Girl Scouts

In September, the Maurer Foundation had a fantastic time giving a breast health program to the **West Islip Girl Scout Service Unit**. In addition to learning about breast cancer, early detection and healthy lifestyles, the 35 scouts and moms in attendance also made "chemo comfort bags," for women undergoing cancer treatment at a local hospital.

SINCE 1995, WE'VE EDUCATED 304,776 PEOPLE

"I just wanted to say thank you so much. The Parents, Safety Agents, my Principal and myself appreciated the information; we learned about some new things. The facilitator was outstanding; she was an encyclopedia of knowledge on breast cancer. We consider her a blessing." —Ms. D. Thomas, Parent Coordinator, P.S. 223, Brooklyn

Fundraisers Get Creative For Breast Cancer Awareness Month in October

When it comes to promoting breast health education, Maurer Foundation supporters have shown their imagination and generosity know no bounds. **Huntington Honda** (bottom) donated $10 to the Maurer Foundation for every vehicle test drive at their main showroom and Certi-Care showrooms, totalling $5,000. **East Islip Fitness** held a Zumba event and raised $420 from class attendees. **ClearVision Optical** in Hauppauge raised $3,134 by hosting a number of fundraisers, including a pink lemonade stand (right), a Booby Boutique, and a breast cancer balloon dart game. **St. John the Baptist H.S.** held a Powder Puff volleyball game to raise money for the Foundation. **Dan's Dog Walking & Pet Sitting** hosted their third annual Paws For A Cause event, selling special pink paw t-shirts and accepting donations on our behalf. Thank you to all our champions—your enthusiasm and support continue to inspire us!

Nearly $200,000 Raised For Breast Health Education at the 2016 Pink Diamond Gala

Thank you to all who supported the 2016 Maurer Foundation Pink Diamond Gala this year! We had an amazing time at the October 6th event at Crest Hollow Country Club, raising nearly $200,000 in support of breast health education in the Long Island and Greater New York area. This year we had the pleasure of honoring two NY Jets legends—Marty Lyons and John Schmitt—men who also happen to be incredible Long Island philanthropists. Guests also enjoyed a moving tribute to our late chairperson, Niki Gregory, whose leadership permanently impacted our organization and inspired all those she knew. Our gratitude to our generous sponsors: Joe Gregory and Family, John Schmitt, Linda Stern, Collins Building Services, and Kathy & Michael Weiss. **To view the full photo album, visit us online at http://bit.ly/pdg2016**

SIZE Matters

The average size of a breast lump found by accident is the **SIZE OF A GOLF BALL**. But the average size of a lump found by someone practicing early detection methods like a breast self-exam is the **SIZE OF A PEA**. In our programs, students use these specialized silicon breast models to practice proper breast self-exam technique. Students are able to feel different sizes and compositions of lumps, increasing their chances of detecting breast cancer early. These $150 models are crucial to our programs, but they wear out quickly. Please help us buy more breast models.
